Sir,

Sub:-Acquisition of S.No.64/3A, 71/3B etc., of Bappanad and Karnad villages of Mangalore Taluk for the construction of a Marine Fish Farm- Draft Declaration.

Ref:- Your letter No.AFD 2 MFS 57 dated 11-6-57.

I write to state that the following sites were selected in South Kanara district for the construction of a marine fish farm under the community project funds.

Bappanad village:

1.S No. 71/3B	140 acre stands registered as garden but is devoid of any improvements and is subject to tidal inundation (Pattadar Sri H. Srinivas Rao).
2.S No. 64/3A 0-06) 3.S No. 81/5 0-2)	Registered as Wet II in the name of Sri Ramakrishna and Sri Achanna, but is absolutely submerged under salt water and forms portion of back-water.

Karnad village:

1.S No. 18/3-0.52 2.S No.68/ 2N-0.86	Registered as Wet II but are actually submerged under water and form part of the back water- Registered holders are: 1. Sheshi Sedthi; 2. Annappa Poojary; 3. Hoovayya; 4. Kuladi Mudraya; 5. Sri Sreedhara.

After a survey of the back water in the

p.t.o.

21

Community Project area the above sites were selected as being most suitable and it was decided to build the farm there. These areas proposed to be acquired form a continuous sheet of backwater where there is regular flow of the sea water by the tidal movement of water. Though the owners of these sites are not deriving any benefit from these lands they are reluctant to part with the plots and are not prepared to alienate the plots on payment of nominal compensation. Many of these plots are jointly owned and some of the owners are outside the district now. Every endeavour was made to exclude these areas and build the farm in peramboke area. But it was found impossible. These plots and back water form one continuous sheet of water and to exclude these small patches here and there would cost enormous amout of money for raising bunds and would diminish the size and compactness of the farm. There are no improvements in theses areas and the department has no objection for these parties to be-moved any amount of silt from the farm.

All the formalities connected with the aqquisition of the above mentioned sites have been finalised by the Collector of South Kanara, Mangalore. In his letter R.Dis 30899/55 dated 26-4-55 addressed to the Secretary to the Government Industries and Commerce Department Madras (copy of letter enclosed) the Collector of South Kanara Mangalore forwarding the records of enquiry connected with the case recommended acquisition of these sites by applying the urgency provisions of the Land Acquisition Act. The Collector also submitted to the Government of Mysore (Revenue Department) draft declarations to be publi-

published in the gazette under section 6 of the Act in the following references:-

1. B 1 -18913/56 dated 15-11-56 forwarded with No. A 7 Acn. PR.90/c 5603/56-7 dated 13-1-57 of the Divisional Commissioner, Mysore (in respect of Moolky farm)

2. B 1 -18914/56 dated 15-11-56 (in respect of Pavanje farm).

As the farm is already under construction I request that the draft declaration may be arranged to be published in the gazette immediately, as the cost of the sites which was proposed to be met from the Community Project Funds should be paid before 30-6-57.

COPY OF THE S.K.'S COLLECTOR'S LETTER R.DIS.30899/55, dated 26.4.1956 to the Secretary to the Government, Industries and Commerce Department, Fort St. George Madras-9. through the Secretary to the Board of Revenu Land Revenue, Chepuk, Madras 5 on the subject of Land Acquistion (South Kanara) - Mangalore Taluk - Bappanad and Karnad villages - S.Nos.64/3B, 71/3B1 and 81/5, 18/3 and 68/2B respectively - construction of a Marine Fish Farm - Proxposals - under Sec.4(1) and 6 of the L.A. Act - submitted.

-x-x-x-x-x-x-x-x-x-x-x-x-x-x-x-x-x-x-

The Assistant Director of Fisheries, South Kanara, Mangalore has applied for the acquisition of S.No.s,64/3A, 71/3B, and 81/5 of Bappanad Village, and S.No's 18/3 and 88/2B of Karnad village for the construction of a Marine Fish Farm. The total extent of all the plots is 3.05 acres. The Assistant Director of Fisheries, requests that the plots may be handed over to his Department urgently by applying the urgency provisions of the Land Acquisition Act. The registered holders of S.No/s 64/3A and 81/5 have given their consent to the acquistion and also to enter upon the plots before the land acquisition and also to enter upon the plots before the land acquisition proceedings are finalised. These two plots have therefore been handed over to the Fisheries Department on 8.3.1956;

2. The registered holder of S.No.71/3B objects to acquisition of only a portion of the plot and desires that the entire sub division be acquired. The asst. Director of Fisheries, who was consulted in the matter reports, that the entire plot is not required and that an extent of 1.40 acres only may be acquired as requested by him. The extent of the unacquired portion is 0.50, and it contains, improvements. The portion that will be left unacquired is not a tiny bit. It adjoins S.No's 71/2, 4 and 81/2, which also belong to the same registered holder. It cannot therefore be said that the unacquired portion of S.No.71/3 will not be useful. The registered holder of S.No.18/3 of Karnad Village is in Poona, and a communication sent to her, she has written to say that the proposals may be kept pending till after her return from Poona. She has neither approved nor has she stated the nature of her objection, though it is now more than 45 days, since she sent her petition. It has therefore to be presumed that she has no objections to the acquisition. S.No.63/2B of Karnad Village stands registered in the joint name of Aithu Poojari and five others. Hoovayya who is one of the joint registered holders, has alone given his consent to the acquisition The others are against the acquisition. Their objection is that the plot is acquired then they will be deprived of the silt manure, taken by them at present from this plot. The Assistant Director of Fisheries, has no objection to the removal of silt from S.No. 68/2B, even after its transfer to the Fisheries Department. I do not think that any of the objections put forward, are valid, and reasonable, and in the circumstances, I recommend that they may be overruled.

3. All the plots were inspected by the Revenue Divisional Officer, Coondapur. They stand registered in the Revenue Accounts either as wet, garden or dry. All the plots lie permanently submerged under water and were not cultivated. S.No.71/3B though registered as garden, contains no trees. It is reported that there have been no sales of similar lands in the vicinity. Hence the plots valued at a flat rate of Rs.400/- per acre on the basis of income from the lands. It is reported that about Rs.1,400/- is likely to be required to make the lands fit for cultivation, in which case, they are likely to yield 8 muras of rice per acre. On the basis of this yield, the value per area has been fixed at Rs.400/- per acre after deducting the cost of improvements etc. The total cost of acquisition works out to Rs1,403-0-6.

4. The plots proposed to be acquired are waste lands and they do not contain any improvements nor do they contain any tombs, or grave yards or any other religious edifices. The Assistant Director of Fisheries, wants the plots urgently. He has requested that the plots may be handed over to his Department as soon as possible by applying the urgency provisions of the Land Acquisition Act. The plots are required for a public purpose. There is no objection to apply the urgency provisions of the Land Acquisition Act in this case. I therefore recommend, that enquiry under Section 5A of the Land Acquisition Act, submitted herewith in duplicate, read with Section 17 of the said Act, may be approved and ordered to be published inthe successive issues of the Fort St; George Gazette, the draft notification under Section 4(1) of the Act being published earlier.

SUB: LAND ACQUISITION(S.K.) Mangalore Taluk- Bappanad and Karnad villages- S.Nos. 64/3A- 71/3B and 81/5 18/3 and 68/2 B respectively- Construction of a Marine-Fish-Farm- Proposals- under Sec.4(1) and 6 of the L.A.Act- Submitted.

-:o:-

The Assistant Director of Fisheries, South Kanara, Mangalore, has applied for the acquisition of S.Nos. 64/3A 71/3 and 81/5 of Bappanad village and S.Nos. 18/3 and 68/2 B of Karnad village for the construction of a Marine Fish-Farm. The total extent of all the plots is 3.05 acres. The Asst.Director of Fisheries, requests that the plots may be handed over to his Department urgently by applying the urgently provisions of the L.A.Act. The registered holders of S.Nos.64/3A and 81/5 have given their consent to the acquisition and also to enter upon the plots before the land-acquisition proceedings are finalised. These two plots have therefore been handed over to the Fisheries Dept.on 8.3.56.

2. The registered holder of S.No.71/3B objects to the acquisition of only a portion of the plot and desires that the entire sub-division be acquired. The Asst.Director of Fisheries, who was consulted in the matter ~~s/~~ reports that the entire plot is not required and that an extent of 1.40 acres only may be acquired as requested by him. The extent of the unacquired portion is 0.50 cents and it contains improvements. The portion that will be left un-acquired is not a tiny bit, It adjoins S.Nos.71/2:4 and 81/2, which also belong to the same registered holder. It cannot therefore be said that the unacquired portion of S.No.71/3 will not be useful. The registered holder of S.No.18/3 of Karnad village is in Poona and to a communication sent to her, she has written to say that the proposals may be kept pending till after her return from Poona. She has neither appeared nor has she stated the nature of her objection, though it is now more than 45 days, since she sent here petition. It has therefore to be presumed that she has no objection to the acquisition. S.No.68/2B of Karnad village stands registered in the joint names of Mithu Poojari and five others. Hoovaya who is one of the joint

registered holders, has alone given his consent to the acquisition. The others are against the acquisition. Their objection is if the plot is acquired they will be deprived of the silt manure taken by them at present from this plot. The Asst. Director of Fisheries has no objection to the removal of silt from S.No.68/2B even after its transfer to the Fiseries Department. I do not think that any of the objections put forward are valid, and reasonable, and in the cisumstances, I recommend that they may be over-ruled.

3. All the plots were inspected by the Revenue Divisional Officer, Coondapur. They stand registered in the Revenue Accounts either as wet, garden or dry. All the plots lie permanently submerged under water and were not cultivated. S.No.71/3B though registered as garden contains no trees. It is reported that there have been no sales of similar lands in the vicinity. Hence the plots have been valued at a flat rate of Rs.400/- per acre on the basis of income from the lands. It is reported that about Rs.1400/- is likely to be required to make the lands fit for cultivation, in which case, they are liekly to yield 8 muras of rice per acre. On the basis of this yield, to value per acre has been fixed at Rs.400/- per acre after deducting the cost of improvements etc. The total cost of acquisition works out to Rs.1403.0.6.

4. The plots proposed to be acquired are waste lands and they do not contain any improvements nor do they contain any tombs, or grave yards or any other religious edifices. The Asst. Director of Fisheries, wants the plots urgently. He has requested that the plots may be handed over to his Department as soon as possible by applying uragency provisions of the L.A.Act. The plots are required for a public purpose. There is no objection to apply to urgency provisions of the L.A.Act in this case. I therefore recommend, that enquiry under Sec.5A of the L.A.Act, may be dispensed with and the draft notification under Sec.4(1) and D.D. under Sec.6 of the L.A.Act, submitted herewith in duplicate read with Sec.17 of the said Act may be approved and ordered to be published in the successive issues of the F.S.G.Gazette, the draft notification under Sec.4(1) of the Act being published earlier.
